Who is eligible for a grant (basic eligibility criteria?)

Is your organization:

- an Association ("Vereniging") or Foundation ("Stichting") with legal status, registered at the Ministry of Justice and Police?
- located in the Republic of Suriname?
- willing to implement a community project to protect or restore the environment while creating sustainable livelihoods?
- ready to ensure that the community project not only benefits the Community, but that Community participation during project planning and implementation is evident?
- proposing to carry out a project that falls under the GEF focal areas: Biodiversity, Climate Change, International waters, land degradation and Persistent organic Pollutants (POPS)?

If you answered YES to all of the above questions, your organization is eligible and you are encouraged to submit your project idea to the SGP Office.
